Regional Activities

Your local group organises various activities and talks. You are encouraged to visit other Regions whose activities interest you.

City Courses

Courses of varying duration and subject matter are held throughout the year at convenient City venues. No prior learning is necessary.

Your tutors are volunteers but fees are charged to cover the cost of hiring rooms. You may enrol in as many courses as you wish over the year, subject to availability. Details and application forms are sent to each member prior to enrolment time.

State Library Lectures

These are talks by invited speakers on a diverse range of subjects, detailed in the *Inform* newsletter and on our website. Lectures are normally held on a Sunday afternoon and many members travel there by train or bus, free of cost.

Member Participation

We encourage members with special interests or knowledge to pass on that knowledge through presentations. External guest speakers are also invited. Other special interest groups are organised by members.

The U3A ethos is ongoing learning and sharing, with no distinction between those who learn and those who teach, in order to keep an active mind and body.
